Utah STATE OFFICE OF Education

Focus On Functions

Professional Development for Secondary Math Teachers

Engage your students in different approaches to understanding algebraic functions. This is a hands-on workshop where participants will investigate different ways of exploring functions with their students.

This course is applicable to any secondary math teacher. Participants will receive lessons and materials to their enhance classroom instruction.

Monday June 14 - Friday June 18

(with one follow-up day in Fall - TBD)

8:00 am - 3:00 pm

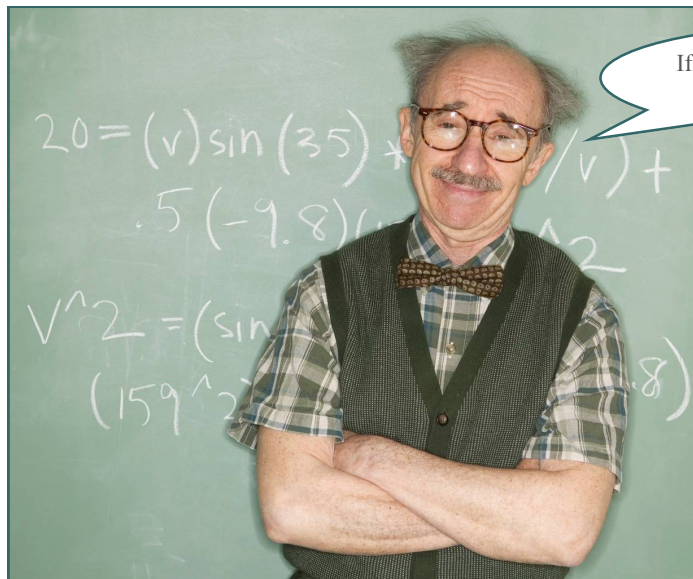

Davis District Math Center - Farmington, UT

Free PD Opportunity!

To Register, email the following information to Logan Toone (ltoone@dsdmail.net) by April 1.

- Full name
- CACTUS ID
- District
- School
- Course(s) you teach
- Email address
- Phone number

Seats are limited. If the class fills to capacity, registration may close prior to the April 1 deadline. Register early!

If you focus on functions, you could be just like me!
